Rental Property Registration Form

Cash Receipting Code: RENTAL
Payment Due Upon Registration

- Inspections are based on the 2018 International Property Maintenance Code & City Ordinances
- It is the responsible party's responsibility to ensure an adult over the age of 18 is present at the scheduled time of inspection.
- If the inspector arrives for an inspection and is not able to perform the inspection due to a lack of access, there will be a \$25.00 re-inspection fee owed.
- If the property has been sold, you must supply the building department with a copy of the recorded land contract or warranty deed to have your name removed from our records.
- Failure to Certify rental property within 120 days of expired certificate will incur a \$200.00 fee.

PRE-INSPECTION CHECKLIST (Including but not limited to)

- Make sure all smoke detectors are working and in the proper location (inside each sleeping room, outside of each sleeping area, and on every level, including the basement).
 - Recommendation: Although not required by code unless alterations are done, carbon monoxide detectors are encouraged.
- Emergency escape openings: All bedroom egress windows shall be maintained and be capable of opening without use of key, tool or greater force than normal.
 - Recommendation: If the net clear opening of the bedroom window is not 24 inches in height and 20 inches wide, they should be updated (permit may be required).
- Basement bedrooms are prohibited unless the proper egress window is provided inside the bedroom.
- All handrails and guardrails are in the proper locations and firmly fastened.
- Furnaces/Heating facilities must be inspected every two years to ensure proper operation. This inspection must be performed by a licensed mechanical contractor and written verification provided to the City.
- Electrical: Dwelling units must be served by a three-wire, single phase service having a rating not less than 60 amperes. If an improper or inadequate system is found, the defect must be eliminated.
- Plumbing: Every dwelling unit shall contain its own bathtub or shower, lavatory, water closet and kitchen sink, all of which need to be in safe and working condition.
- Exterior Building: All painted surfaces must be maintained free of chipping or flaking, siding & masonry must be weather tight, roofs must be kept weather tight and in good condition, base wood (beams, door, etc.) if deteriorating, require replacement, porches including: deteriorated decking, deteriorated or missing railing, unpainted wood steps which permit rot or heaving, require maintenance.
- Exterior Premises: There is to be no in-operable or unlicensed vehicles kept on property, grass/weeds must be maintained per city code and all junk/debris must be removed.
- All address markers must be visible from the fronting street.
- Trash must be stored in an approved, covered container and kept behind the front building line.
