City of Marine City

Kristen:

My husband and I moved to Marine City about 25 years ago. We were drawn to the city on the river and all of the charming houses. We reside in a home on N. William that is well over 100 years old. The old city hall building is the logical place to move the city offices. It is in the heart of the town and is a beautiful structure. I realize that this building has its challenges, but in the end, a well-used and well-loved structure will benefit us all.
