Grass Cutting Services

City Manager Leven stated that last year the City bid out grass cutting to determine if it was in the best interest of the City to contract out the work or maintain it with part time staffing. She prepared an estimated summary of what could be removed from the budget in comparison to what would be added, based on values from 2020.

After a brief discussion, the Board elected to have the DPW continue grass cutting due to the savings of an estimated \$48,000 and have it remain on the 2021-2022 budget.

CITY MANAGER REPORT

In addition to the City Manager’s Report provided in the agenda packet, City Manager Leven added the following:

- County issued emergency regarding COVID 19 cases - reached out to them to find out why we weren't informed
- We had an on duty employee who was notified of COVID exposure, as a precaution sent everyone to work from home and having the office deep cleaned
- Six Rivers contracted with Allen & Associates for the appraisal for the marina property
- Working on floor and counter selection for the new building, windows in, siding and drywall going up soon
- Budgets to be emailed, paper copies will be delivered Monday

COMMISSIONER PRIVILEGE/LIAISON REPORTS

Commissioner Hendrick made a clarification about the purpose of the Community & Economic Development Board and said she had heard that the Board was strictly to find businesses a place to set up shop. Said this wasn’t true and read the ordinance description which said the purpose of the Board was to provide recommendations to the City Commission on policies, initiatives, projects, and programs whose goal is to improve the infrastructure, public facilities, services, economic prosperity and sense of place of the City and to further the goals established by the City’s Master Plan and Parks and Recreation Plan. She commented that we needed to be careful on how we were doing this, and said it seemed like we were sticking to businesses and we should be paying attention to infrastructure, roads, and encompassing the whole community. Commissioner Hendrick then spoke of Brownfields and said that the statements made about millages not being affected were incorrect. She recommended looking at Envirollogic’s Report presented at the last meeting and said the chart in the back specifically broke down all the taxing authorities for each year and how much of their portions went into paying off the loan. Commissioner Hendrick sent her condolences to the family of former employee Bob Folz who recently passed away. She also sent congratulations to Joe Slankster who will officially be the full time Fire Chief on April 5.

Commissioner Ross sent well wishes from sunny Texas.

ADJOURNMENT

Motion by Commissioner Hendrick, seconded by Commissioner Klaassen, to adjourn at 7:47 pm. **Roll Call Vote.** Ayes: Bryson, Hendrick, Kellehan, Klaassen, Kreidler, Ross, Vercammen. Nays: None. Motion Carried.

Respectfully submitted,

Public Hearing – 924 Metropolis

Chairperson Allan opened the Public hearing at 6:03 pm.

No public comments or correspondence was received.

Chairperson Allan closed the Public Hearing at 6:04 pm.

Kristi and Dan Watson, 743 Congress Street, Marysville, MI identified themselves as the owners of 924 Metropolis. Kristi Watson stated that the house was in her late father Mr. Martin Smith's name, and that he had passed away in 2016. She stated that she was supposed to have received a detailed list of violations however, since former Building Official Wilburn was not permitted on the property, she was not able to be provided with an in depth violations report. Mrs. Watson stated that they had done work at the property.

Board Member Allan questioned what work was done at the property. Mr. and Mrs. Watson responded that they had cleaned up the yard, fixed the chimney and repaired a portion of the roof.

Board Member Attebury recited a portion of the 09/09/2019 blight notice sent to the property owners which specified several examples of repairs the City requested the property owners address. Board Member Attebury asked if rodents were still able to access the home; Mrs. Watson stated that the house was sealed.

Board Member Attebury questioned if the current Building Official was able to walk through the property to assess the structure and compile a detailed list of violations; Mrs. Watson responded that she would not allow anyone on the property.

Building Official Kallek questioned the occupancy of the property and stated that the property owners had been claiming 100% homestead. Mrs. Watson stated that the home was vacant and her father had passed away in 2016. Building Official Kallek stated that the property owners had been recipients of a favorable tax status although the structure was vacant.

Building Official Kallek stated that, from the road, it appeared the foundation had deteriorated beyond repair and that the property owners would need a structural analysis from a structural engineer to verify the foundation could hold up a home. He also addressed the exposed raw wood and hanging soffits; it was his recommendation that the house be torn down. He advised the property owners to contact the Building Department to determine a course of action to remediate the property as the home could not be occupied until it was up to current codes. Building Official Kallek advised that he had the authority to require a 3rd party inspection, which the property owner would be financially responsible for.

Board Member Allan stated that he would like to recommend a 30 day timeline for the property owners to obtain structural analysis and provide the results to the Building Department, in addition to a detailed plan of action to bring the property into compliance.

Motion by Board Member Paulun, seconded by Board Member Attebury, to allow property owners 30 days from the date of meeting to submit a structural analysis report, completed by a licensed certified engineer, and detailed plan of action to the Building Department. All Ayes. Motion Carried.

Board Member Allan requested a copy of meeting minutes be mailed to property owners.

Adjournment

Motion by Board Member Allan, seconded by Board Member Paulun, to adjourn at 6:24 pm. All Ayes. Motion Carried.

Respectfully submitted,

 FROM: The Washington Life Center Advisory Committee
 RE: Michigan Statute-MCL409.571

This committee comprised of seniors from the townships of Clay, Ira, Columbus, Casco, China, East China, Cottrellville, and the cities of Algonac and Marine City, appeal to you on behalf of the seniors in these areas.

2020 was an extraordinary year with the Pandemic. Our center has been closed to the public since March of last year. Although we've had to curtail most of our regular programs, we've added a few new, safe and socially distanced programs such as our ELFED Program at Christmas, monthly Senior Busy Bags and Parking Lot Bingo. Weather permitting, we will be having outdoor programs such as Tai Chi, Drum Fit and "Happy Feet Club" walkers.

The Council on Aging, Inc., serving St. Clair County serves over 10,000 local seniors annually. As you are aware, our center must raise our maintenance and operating expense monies.

According to the Michigan Statute referred to above, "A county or township may make an appropriation from general funds to private non-profit corporations or organizations which undertake the provision of senior citizens activities or services and where a contract is entered providing for the terms of the appropriation as authorized by S.400.571-Attn. Gen. 1981 No. 5842p.19."

We ask you to consider an appropriation to help us defray our expenses. A member will attend your board meeting upon request and answer any questions or provide any further explanation.

On behalf of the seniors in the downriver area we thank you for your consideration of this request.

Sincerely,

The Washington Life Center Advisory Committee

TEMPORARY TRAFFIC ENGINEER ORDER
CONTROLLING PARKING ON CITY STREETS

T-T-21-0001

TRAFFIC ENGINEERS ORDER NUMBER: _____

In accordance with 1956 PA 62, MCL 257.951, and R 28.1153 Rule 153 (2), I, as Traffic Engineer of the City of Marine City, do hereby issue this Temporary Traffic-Control Order. Said order is effective immediately, upon being filed with the Clerk of the City of Marine City, and expires 90 days thereafter.

REGARDING: Parking on 6th St. both east and west side of road from West Blvd. to Metropolis.

It is so ordered:

This road shall be closed to vehicular parking, beginning Monday May 17, 2021 at 12:00 AM and ending Friday May 28, 2021 at 4:00 PM. This includes the parking of motor vehicles on aforementioned roadway. Parking is strictly prohibited.

Signs and/or markings meeting the requirements of the Michigan Manual of Uniform Traffic Control Devices must be erected or placed.

Enforcement of this order becomes effective when signs giving notice of the above have been erected.

City Manager Leven
Madam Mayor Vercammen
Honorable Commissioners

Our current generator for the Police Department was purchased and installed at our old building (6282 King Rd) around 2005. Once the Department moved to our current location in 2009, the generator moved with us.

I planned to update/replace this generator in the 2021-2022 budget however, circumstances have changed. The current generator has become inoperable and per an inspection by AC/DC electric, it needs replacing now. The crankshaft was recently replaced and now a flywheel is preventing it from working.

We currently have a portable generator at the department in case of a power outage and I am asking for approval to purchase a new generator. Attached are quotes from AC/DC electric and Sideline Electric.

I spoke to Mike Itrich about a recommendation and we came up with the following:

Recommend the purchase of the Generac 45kw, single phase, 120/240volt natural gas generator from Sideline Electric. Sideline Electric's quote includes a block heater, battery warmer, and a brown out kit.

Total purchase with installation is \$21,250.

I am asking for approval to purchase the aforementioned generator.

Respectfully Submitted,

A handwritten signature in black ink that reads "James D. Heaslip". The signature is written in a cursive, flowing style.

CITY OF MARINE CITY MANAGERS REPORT

Elaine Leven – April 7, 2021

The county emergency order extends to the end of June, which allows us the ability to meet virtually. St. Clair County is a hotspot in Michigan for cases of Coronavirus, with Michigan currently being the worst in the nation. The stay at home order for work expires April 15th, however I wouldn't be surprised if it gets extended. We continue to get updates from the state on changes. Budgets and supplemental information was delivered this week and is also posted online. Budget workshops will be virtual, as they were last year.

Outstanding Items:

- City Administration Office Space: HiTech and Dyke Security should have their installations complete by the end of next week. The subcommittee met to review some additional floor and counter colors. Next week I'm meeting with Endres Interiors to review our options for windowcoverings. Drywall is being installed and the floor is leveled. We should have a quote for relocation of the sign by May for consideration.
- City Manager Evaluation: This is on the agenda for approval.
- Mariner Park Improvements: We have begun working on purchasing items for the improvements. There are issues with the seawall that will also need to be addressed.
- Ordinance Updates: Upon final approval of the minor updates to the master plan, Planning Commission will address the ordinance updates.
- Redevelopment Ready Communities Program: I will be working on the outstanding requirements to get us certified for the Essentials level. We are about 40% complete right now. It is estimated that we can complete certification by the end of the year.
- Park Moratorium: We have discussed limiting the number of things in our parks to ensure ample greenspace. This stems from issues with approvals dating back years and the ability to keep track of them. In the future we should consider a plan or ordinance for how to deal with requests for items placed in City parks.
- Marina: Six Rivers is working with Allen & Associates on the appraisal for the property. This should be completed by the beginning of May.

Items for Future Consideration:

Water penalties in May
Charter amendments
Winter Parking Permits

Meetings Attended Since Last Update:

Teamsters Negotiations
