- 2. **Odor Control.** Any marijuana facility shall be equipped with an operable filtration, ventilation, and exhaust system that, at all times, effectively confines any and all odors to the interior of the building from which the odor is generated.

No marijuana at any facility shall be managed in any manner that emits odors beyond the interior of the premises or which is otherwise discernable to another person. The odor shall be prevented by the installation of an operable odor control system. Odors shall be effectively confined to the interior of the location in which the odor is generated.

Venting of marijuana odors into the areas surrounding the location is deemed and declared to be a public nuisance for all legal purposes.

- 3. **Waste Water.** Any marijuana facility shall be designed and operated so as to minimize the amount of pesticides, fertilizers, nutrients, marijuana, and any other potential contaminants

discharged into the public wastewater and/or stormwater systems as shall be determined by the City of Marine City Engineer during the site plan process.

4. **Security Requirements.** Any marijuana facility shall have an adequate security plan to prevent access to marijuana by non-authorized personnel, including unauthorized removal of any marijuana. All rooms that contain marijuana, in any form, shall be individually locked and accessible only to authorized personnel. The building(s) housing the marijuana facility shall all be equipped with security cameras approved by the Chief of Police, maintained in operational order, and installed in such a way as to monitor the entire perimeter of the building(s) including all parking lots and areas accessible by individuals and capable of recording and storing both on and off site a minimum of 120 continuous hours of the perimeter monitoring. The security cameras shall be in operation 24 hours a day, seven days a week, and shall be set to maintain the record of the prior 120 hours of continuous operation. The Chief of Police may require review and recommendation of a proposed security plan by an independent consultant with credentialed expertise in the field of site/facility security measures. The cost of an independent review by an independent security consultant shall be paid directly and in full by the applicant. The security plan shall describe how cash will be handled and deposited, including a plan to minimize the cash on hand at the marijuana facilities and to provide for a method of secure pick up and transportation of cash.
5. **Indoor Activity Only.** Any marijuana facility activities including, but not limited to, operations, cultivation, processing, storage, and transactions, shall be conducted within an enclosed structure. All outdoor storage is prohibited. A greenhouse shall not be considered an enclosed structure or an indoor structure for purposes of this ordinance.
6. **Lighting.** Any artificial lighting shall be shielded to prevent glare and light trespass and shall not be visible from neighboring properties, adjacent streets or public right of ways.
7. **Inspections.** Any marijuana facility shall be subject to inspections to ensure compliance with all applicable City of Marine City codes and ordinances and all applicable State laws and regulations, including all future amendments. Any marijuana facility under this ordinance shall comply with all local permitting and inspection processes.
8. **Prohibited Activities.** No smoking, inhalation, or consumption of marijuana shall take place on the premises of any marijuana facility.
9. **Unlawful Activities.** Any uses or activities found by the State of Michigan or a court of competent jurisdiction to be unconstitutional or otherwise unlawful by State law shall not be permitted by the City of Marine City.
10. **General Restrictions.** All activities shall be conducted so as to not create or permit trespass or spillage of dust, glare, sounds, noise, vibrating, fumes, odors or light to any neighboring property, street or public right of way.

11. **No Temporary Certificate of Occupancy.** No marijuana facility under this ordinance may operate under a temporary certificate of occupancy. Each licensed facility must be in full and complete compliance in order to operate.
12. **Transfers of License.** A Marijuana facility license issued under this ordinance is not transferable or assignable under any circumstances.

E. Application Submittal Requirements for a License.

The following items shall be required at the time an applicant makes an application for a license under this ordinance. If any item is not included at the time of the application, the entire application shall not be accepted for review by the City of Marine City.

1. **Application Form.** A signed and dated application form to be provided by the City of Marine City. If the applicant does not own the property, a signed and notarized statement granting permission from the lawful owner to submit an application shall be included with the application.
2. **Preliminary State License Approval.** A letter from the Marijuana Regulatory Agency of the State of Michigan (or any designated successor) granting preliminary state license approval for the applicant to operate a marijuana facility that the applicant is requesting for approval within the City of Marine City. The burden to obtain any and all State approvals shall be on the applicant.
3. **Site Plan.** A fully completed site plan including all information required in the City of Marine City zoning ordinance and all general use requirements set forth in this ordinance. The site plan shall be reviewed and approved consistent with the procedures set forth in the City of Marine City Zoning Ordinance.
4. **Use Statement.** A written statement by the applicant identifying all activities, operations, products and services to be provided by the marijuana facility.
5. **Hours of Operation.** A written statement identifying the marijuana facilities' proposed hours of operation.
6. **Odor Control Plan.** An odor control plan consistent with the requirements of this ordinance and any applicable State laws and regulations.
7. **Waste Water Control Plan.** A waste water control plan consistent with the requirements of this ordinance and any applicable State laws and regulations.
8. **Security Plan.** A security plan consistent with the requirements of this ordinance and any applicable State laws and regulations.
9. **Lighting Plan.** A Lighting plan consistent with the requirements of this ordinance and any applicable State laws and regulations.

10. **Liability Release and Insurance Documentation.** An executed release of liability, indemnification and hold harmless in the form provided by the City of Marine City's application and proof of insurance providing general liability coverage for loss, liability and damage claims arising out of injury to persons or property in the amounts and the format set forth in the application process.
11. **Notarized Acknowledgement of Operational Requirements.** As part of the application form, the applicant shall submit a signed and notarized statement by all individuals receiving pre-approval to operate the marijuana facility that applicant(s) are aware of the terms of this ordinance, including the site plan requirements.

F. Application Consideration.

A completed application for a license shall be reviewed for completeness. There shall be no other review policy or guideline under this ordinance.

1. **Application Fee.** The applicant, with the application, shall pay a fee of \$5,000.00 per license type to defray the administrative and enforcement costs associated with the operation of the marijuana facility.
2. **Renewals.** Each license issued under this ordinance must be renewed annually with a renewal fee of \$5,000.00 per license on a renewal form to be provided by the City of Marine City. This fee is to defray administrative and enforcement costs.
3. **No Property Right.** A City of Marine City license for a marijuana facility is a revocable privilege granted by the City of Marine City and is not a property right. Granting a license under this ordinance does not create or vest any right, title, franchise, privilege or other property interest. No licensee or any other person shall lease, pledge, or borrow or loan money against a license.
4. **Inspection Fee.** Each marijuana facility established under this ordinance may, at the sole discretion of the City of Marine City, be inspected by the City of Marine City at any time to ensure compliance. The City of Marine City reserves the right to establish any appropriate inspection fee in accordance with the City of Marine City schedule of fees process.

G. Adverse License Actions.

The City of Marine City Manager may suspend, revoke, or place in non-renewal status any License granted under this ordinance based on the following:

1. Any fraud or misrepresentation contained in the application or any renewal process.
2. Any violation of this ordinance or any State Marijuana Law, regulation or rule.

3. The marijuana business operates in an unlawful manner or in such a way as to constitute a public nuisance or to adversely affect the health, safety, or general welfare of the public.
4. The revocation, suspension, nonrenewal, and placement of restrictions by the department or any other authorized state agency on a State license applies equally to the corresponding license issued by the City of Marine City.

If a license is not renewed or is suspended or revoked, the licensee must immediately cease all operations at the marijuana facility regardless of its location on a permitted parcel and regardless of its status as a permitted use.

Nothing in this section prohibits the City of Marine City from imposing other penalties authorized in the City of Marine City Codes and Ordinances, including filing a public nuisance action or any other legal action in a court of competent jurisdiction.

H. Due Process. For a violation that impacts health or safety of customers, employees, or the public, the City of Marine City Manager may temporarily suspend a license without a hearing but only until such time as a hearing can be reasonably scheduled and held.

The City of Marine City shall send notice to the licensee listing the reason for the adverse license proceeding. The notice shall list a proposed action and proposed conditions for reinstatement, if applicable.

The licensee shall have 10 business days from the date the notice was sent to respond in writing and request a hearing. If the licensee does not reply within the 10-day period, then the proposed adverse action and any proposed conditions will be considered the final and binding recommendation of the City of Marine City Manager. The licensee may appeal a recommended adverse action issued under this subsection to the City of Marine City Planning Commission. The Planning Commission's review shall be limited to the information possessed by the City of Marine City Manager at the time the recommendation was issued.

The City of Marine City Planning Commission shall, as soon as practicable, conduct a public hearing where the licensee and the City of Marine City Manager will each have the opportunity to give testimony, present evidence, and show cause as to why the license should or should not be placed in non-renewal status or suspended or revoked and as to any conditions for reinstatement or renewal.

I. Appeal to City of Marine City. A recommendation of the Planning Commission may be appealed through a written request to the City of Marine City Clerk within 10 business days from the date the Planning Commission issued its recommendation. The City of Marine City Clerk shall place the appeal on the agenda for the next regular meeting of the City of Marine City Commission. A written appeal shall be limited to 20 pages and up to 10 pages of exhibits.

The City of Marine City Commission shall be limited to reviewing the record of the hearing at the Planning Commission.

If the Planning Commission's recommendation is supported by the existing record, then the Planning Commission's recommendation shall be adopted by the City of Marine City Commission.

It shall be the burden of the licensee to show by clear and convincing evidence that the Planning Commission's recommendation was not supported by the existing record.

The City of Marine City Commission may adopt the Planning Commission's recommendation, in whole or in part, or may issue an entirely new decision. The decision of the City of Marine City Commission shall be final.

J. Severability.

The provisions of this ordinance are hereby declared, for all legal purposes, to be severable. If any clause, sentence, word, section, or provision is hereafter declared to be void or unenforceable for any reason by a court of competent jurisdiction, it shall not affect the remainder of this ordinance which continue in full force and effect.

K. Violations and Penalties.

Any person who disobeys, neglects, or refuses to comply with any provision of this ordinance or who causes, allows, or consents to any of the same shall be deemed to be responsible for the violation of this ordinance. A violation of this ordinance is deemed to be a nuisance per se for all legal purposes.

A violation of this ordinance shall be a misdemeanor, for which the punishment for a first violation shall be a fine of not less than \$100.00 and not more than \$500.00, or imprisonment not to exceed ninety (90) days, or both, in the discretion of the court. The punishment for a second or subsequent violation shall be a fine of not less than \$250.00 and not more than \$500.00, or imprisonment not to exceed ninety (90) days, or both, in the discretion of the court. For purposes of this section "second or subsequent violation" means a violation of the provisions of this ordinance committed by the same person within twelve (12) calendar months of a previous violation of the same provision of this ordinance for which said person pled or was adjudicated guilty. The foregoing penalties shall be in addition to the rights of the City of Marine City to proceed at law or equity with other appropriate and proper remedies.

Each day during which any violation continues shall be deemed a separate offense.

The City of Marine City may seek injunctive relief against persons alleged to be in violation of this ordinance, and such other relief as may be provided by law.

Commissioners and Mayor Vandebossche

All,

Traffic Engineer Order P-18-004 was drafted under the request of a previous City Manager for safety issues related to U-Turns on S. Water St. I've observed S. Water St for these issues for several months (on and off duty) and even though the signs are posted throughout the downtown area, the U-turns continue to happen.

Since the promulgation of this Traffic Engineer Order, we have taken zero accidents relating to U-Turns. I am requesting your approval to rescind the order prohibiting the U-Turns. If so approved, I will work with DPW Superintendent Schmidt and get all the signs removed.

Respectfully Submitted,

James D. Heaslip
Chief of Police

CONTROLLING PARKING ON CITY STREETS

P-18-004

TRAFFIC ENGINEER ORDER NUMBER: _____

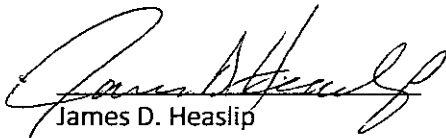

In accordance with 1956 PA 62, MCL 257.951, and R 28.1153 Rule 153 (2), I, as Traffic Engineer of the City of Marine City, do hereby issue this Traffic-Control Order. Said order is effective immediately, upon being filed with the Clerk of the City of Marine City.

REGARDING: U-turns on S. Water St. from Broadway to Bridge St, within the City of Marine City, County of St. Clair, State of Michigan.

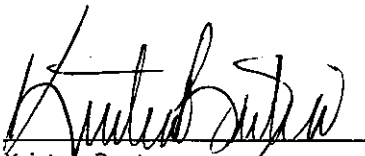

It is so ordered:

There shall be no U-TURNS on S. Water St from Broadway to Bridge St.
Signs and/or markings meeting the requirements of the Michigan Manual of Uniform Traffic Control Devices must be erected or placed.

Enforcement of this order becomes effective when signs giving notice of the above have been erected.

Commissioners and Mayor Vandebossche

All,

April 5th, 1977 a permanent traffic control was drafted by then Police Chief Roy Agosta pertaining to no parking on S. Water St from 3:00 A.M to 6:00 A.M. On April 7th, 1977 this was approved and signed by Mayor Labuhn and Clerk Vandric.

I am asking for approval to rescind the traffic control order as it relates to the no parking from 3:00 A.M. to 6:00 A.M. As a department, we have been writing citations for this violation just to learn that most of the people have been parking on S. Water during this time frame to avoid driving intoxicated. Once I learn that the responsible party left it parked for intoxication, I void the ticket.

I've spoken with DPW Superintendent Schmidt about this and he is fine with the rescinding of said traffic control order.

Respectfully Submitted,

James D. Heaslip
